

The JELD-WEN logo is positioned in the top left corner. It features the brand name in a white, serif font, with a registered trademark symbol (®) at the end. The background of the entire page is a close-up photograph of a white vinyl window frame, showing the top and side rails and the glass pane. The window is looking out onto a blurred landscape with a body of water and a clear blue sky.

JELD-WEN®

FLAT CASING VINYL
WINDOWS AND PATIO DOORS

AN AUTHENTIC WOOD WINDOW LOOK WITH LOW-MAINTENANCE DURABILITY

With JELD-WEN® Flat Casing Vinyl windows and patio doors, the look of traditional wood windows is within reach. Each window features a sloped sill and three sides of 3-1/2" casing for architectural accuracy. Coordinating patio doors include flat casing on the sides of the frame. They are ideal replacement options for American Colonial-style homes and can greatly reduce the cost of exterior trim for new homes.

This line delivers the energy efficiency and ease of vinyl, plus details that simplify maintenance, such as tilt sashes for easy cleaning and high-quality extruded vinyl that retains its color all the way through. Best of all, they are backed by a Limited Lifetime Warranty* for ultimate peace of mind.

INTEGRAL FLAT CASING WITH J-CHANNEL**

Most flat casing vinyl operating types feature integral exterior casing, so there's no need to apply exterior trim around the windows and patio doors (saving added expense). The J-Channel creates a clean look, and the casing is 3-1/2" wide for an American Colonial appearance.

SILL NOSING

This architecturally-correct feature, used for the trim on the bottom edge, helps our flat casing vinyl windows look more like traditional wood windows, for greater curb appeal. The other three sides feature the integral flat casing.

AVAILABLE IN SELECT AREAS

OPERATING TYPES

				
Awning	Casement	Double-Hung	Fixed, Radius, Geometric	Sliding Patio

*For warranty details, visit jeld-wen.com, click Support, and select JELD-WEN Warranties.
